Whiskey workshops and tastings at DREAM

Whiskey workshops and tastings are part of Project HERO’s offer, delivered under the DREAM name at the DREAM venue. Just as rum is Rumour’s subject, whiskey defines this offer. An educational look at cigar history and culture can complement the programme.

Whiskey tastings are for adults aged 18 and over only.

From grain to cask

We look at how ingredients, production methods and cask maturation shape a whiskey’s character. We explain styles and the key terms used to describe them.

Topics can include history, comparisons of aroma profiles and ways to describe your observations. We tailor the subject to the group’s knowledge and interests.

Cigar history and bar culture

An educational part of the programme explores cigar history, the development of its associated crafts and terminology. We approach these subjects through stories of places, people and traditions.

We also examine how the place of cigars in bar culture has changed. This is a subject for discussion about history and cultural context.

Project HERO — delivered under the DREAM name

We coordinate arrangements through Project HERO; workshops take place at DREAM and under its name. Tastings focus on discussion and comparison of whiskey, while workshops leave more room for questions and analysis together. We prepare the programme around a private or corporate group’s needs.

Tell us your preferred date, group size, topic and language. Duration, format, group size, language, scope and price are agreed individually, subject to the availability of the team and venue.

The quote confirms scope, price, contracting party and booking terms before an agreement is made. An enquiry does not reserve a date.
